Aim

The aim of this masterclass is to update and further the knowledge areas of participants relevant to critical care pharmacy, meet new people and create discussion about treatment approaches.

Learning Outcomes:

At the end of this masterclass, participants should be able to:

- Describe recent national developments in critical care pharmacy
- Describe approaches to starting out and progressing in research
- Discuss the use of electronic health records in optimising practice and research
- Describe the science behind sleep and approaches to aiding sleep on the critical care unit
- Identify deteriorating patients and approaches to managing them

Tutors:

Greg Barton, Specialist Pharmacist Critical Care/Burns, St Helen's & Knowsley Teaching NHS Hospitals Trust & Chair of UKCPA Critical Care Group
