Medicines Optimisation in Cardiovascular

2nd October 2019 • London

The Conference for all pharmacists involved in Cardiovascular Medicine

The **joint JoMO-UKCPA Conference on CV Medicines Optimisation** is in Central London again on Wednesday 2 October 2019.

With an agenda that has been created by the UKCPA Specialist Cardiac Group this meeting will be at the leading edge of pharmacy involvement with Cardiovascular disease and related conditions.

The event is taking place at a specialist meeting orientated venue to ensure that the delivery and educational experience for delegates is of the highest order.

To see the Agenda visit the link below or scan the QR code.
